Future of Afghanistan cannot be its past, says India; Presents 3-point roadmap to bring peace

NEW DELHI, JULY 14 /--/ Emphasising that the future of Afghanistan cannot be its past, India today presented a three-point roadmap for the conflictridden country that entailed cessation of violence and terrorist attacks, settlement of the conflict through political dialogue and steps to ensure that neighbouring countries are not threatened by terrorism, separatism and ex-

External Affairs Minister S Jaishankar put forth the roadmap at a meeting of the SCO foreign ministers' contact group on Afghanistan in Dushanbe amid growing global concerns over the Taliban fighters gaining control over large parts of the country. Russian Foreign Minister Serge Lavrov, Chinese Foreign Minister Wang Yi, Pakistan Foreign Minister Shah Mahmood Qureshi and Afghan Foreign Minister Mohammad Hanif Atmar were among those who participated at the meeting of the Shang-

External Affairs Minister S Jaishankar

hai Cooperation Organisation (SCO) contact group. "The world, region and the Afghan people all want the same end state: 1. An independent, neutral, unified, peaceful, democratic and prosperous nation,' Jaishankar tweeted. "2. Ceasing violence and terrorist attacks against civilians and state representatives. settle conflict through political dialogue, and respect interests of all ethnic groups, and 3. Ensure that neighbours are not threatened by terrorism, separatism and ex-

Amid escalating violence in Afghanistan, India has been pressing for a comprehensive ceasefire. "Peace negotiations in earnest is the only answer. An acceptable compromise that reflects Doha process, Moscow format and Istanbul process is essential The future of Afghanistan cannot be its past. A whole new generation has different expectations. We should not let them down," Jaishankar added. The Doha process, Moscow format and Istanbul process are separate frameworks for dialogue to resolve the conflict in Afghanistan. "The challenge is to act seriously and sincerely on these beliefs. Because there are forces at work with a very different agenda. The world is against seizure of power by violence and force. It will not legitimise such actions," Jaishankar said. Afghanistan witnessed a series of terror attacks in the last few weeks as the US aimed to complete the withdrawal of its forces from Afghanistan by August-end, ending a nearly two-decade of its military presence in the war-ravaged country.

Earlier this month, the Indian embassy asked all Indians visiting, staying and working in Afghanistan to exercise the utmost caution with regard to their security and avoid all types of non-essential travel in view of rising incidents of violence in various parts of the country. In an advisory, the embassy said the security situation in Afghanistan remains "dangerous" and that terror groups have carried out a series of complex attacks including targeting civilians, adding Indian nationals additionally face a "serious threat" of kidnapping. India has been a major stakeholder in the peace and stability of Afghanistan. It has already invested nearly USD three billion in aid and reconstruction activities in the country. India has been supporting a national peace and reconciliation process which is Afghanled, Afghan-owned and Afghan-controlled. (PTI)

BJP opposed sterilisation drive in 1970s, raising population issue with eye on UP polls: Chattisgarh CM

JULY 14 /--/Amid push for a population control policy by some BJP-ruled states, Chhattisgarh Chief Minister Bhupesh Baghel today said had the BJP not opposed the sterilisation drive in the 1970s the population would have not increased so much and accused the saffron party of raising the issue with an eye on the next year's Uttar Pradesh elections. He also said creating public awareness is more important to contain the population growth rather than enacting laws.

Talking to reporters at Raipur airport before leaving for Nagpur, Baghel also said if the opposition parties had not opposed the 'nasbandi' (sterilization) the 1970s drive in (launched under the then Indira Gandhi government) the population would not have increased so much. This is the same BJP (referring to the erstwhile Bharatiya Jan Sangh) that had opposed the sterilization programme. If that drive had been carried forward in the 1970s, then the population vein, Baghel attacked the Modi says that this is the

would not have increased so much, said the chief minister. Baghel was responding to a question on Uttar Pradesh's draft population control bill and a proposed formulation of a policy in this regard in Assam-- both states are ruled by the BJP. The UP draft bill has provisions to debar people who have more than two children from the benefits of government schemes and proposes perks to those who follow the two-child policy. "In the 1970s, then opposition parties had made the population control programme the main election issue, and therefore, the drive got affected, he said

Baghel said the problem of the growing population will not be resolved by framing laws but public awareness is required for this purpose. "Now many families, including the downtrodden sections, are realising the importance of having one or two children.. I think public awareness should be created and laws should not be made only for the sake of politics , he added. In the same

Chhattisgarh Chief Minister Bhupesh Baghel

Union government over its "wrong policies" which he said resulted in rising inflation. The BJP cannot understand the pains of the common man. The rising inflation is not due to the unavailability of commodities, rather it is due to the wrong policies of the Centre. They implemented demonetisation, GST and (pandemic) lockdown improperly and all these measures have now resulted in rising inflation, the Congress leader said. He also accused the Centre of not supplying sufficient fertilizers to Chhattisgarh. "Prime minister Narendra

country of young people and India has the most number of young people in the world. But now this youth has become a problem for you it seems," Baghel told reporters in Nagpur in Maharashtra. He said the Modi government lacked any programme to offer jobs to the young peo-

You are not able to

prove employment and

now misguiding people with the two-child policy. If the BJP had not protested then (1977) then the population could have been controlled. This should not be promoted as law but the need of the hour is to create public awareness on this issue. Bihar CM Nitish Kumar also called for public awareness. These things cannot be introduced in society by bringing law, he said. Baghel accused the BJP of raising the population issue with an eye on the Uttar Pradesh elections in 2022. "They (BJP) are raising this issue as an election card. Will they provide jobs to those having two children? If yes, then bring a law to provide jobs to all the people having two children," the Congress leader said. Responding to a Baghel said Chhatisgarh has an "ideal population situation" and does not need any such

Delhi riots case: Court

calls policeprobe 'callous and farcical', imposes Rs 25,000 fine

NEW DELHI, JULY 14 /--A court here has slapped a fine of Rs 25,000 on the Delhi police and called its investigation into a Delhi riots case callous and farcical. Additional Sessions Judge Vinod Yadav directed that the amount of fine to be recovered from the station house officer (SHO) of Bhajanpura police station and his supervising officers, saying tthey miserably failed in their statutory duties. The police had challenged a magisterial court order that had directed it to register an FIR on the complaint of one Mohammad Nasir, who lost his left eye after suffering a gunshot injury during the riots. Investigators, however, maintained that there was no need to register a separate FIR as it had already registered one earlier and there was no evidence against the persons who allegedly shot him as they were not present in Delhi at the time of the incident. The judge pulled up the police for lack of efficacy and fairness in the investigation and said that it has been done in a most casual, callous, and

farcical manner. A copy of this order be sent to the Delhi Police Commissioner for bringing to his notice the level of investigation and supervision in the matter and to take appropriate remedial action under intimation to this Court, he urther added in an order dated July 13.

The judge said that Mohammad Nasir is free to exhaust his remedies available to him in accordance with the law to get a separate FIR registered in respect of his complaint. According to advocate Mehmood Pracha, representing the accused, one Naresh Tyagi had allegedly opened fire upon Nasir, as a result of which he suffered a gunshot injury in the left eye. Despite the request, no FIR was registered by the police, following which they moved the court seeking its registration.(PTI)

Sky is the limit for expansion of Russia-India strategicpartnership: Russian envoy

NEW DELHI, JULY 14 /-pansion of the Russia-India strategic partnership, Russian ambassador Nikolay Kudashev said today with the two countries ramping up preparation for an annual summit as well as the first '2+2' ministerial meet-

At a media briefing, the envoy said the details of the possible visit of President Vladimir Putin to India for the summit are being discussed between the two sides. "However, the epidemiological situation will be a very important factor," he said referring to the coronavirus crisis. Referring to the cooperation combating coronavirus crisis, the Russian envoy said that the launch of the 'Sputnik Light' vaccine in India is

The India and Russia

expected soon.

annual summit was postponed last year because of the COVID-19 pandemic. Both the countries have a mechanism under which India's prime minister and the Russian president hold a summit meeting annually to review the entire gamut of ties. So far, 20 annual summit meetings have taken place alternatively in India and Russia. Kudashev described External Affairs Minister S Jaishankar's visit to Moscow from July 7-9 as "very successful" and elaborated on bilateral cooperation in areas such as atomic energy, hydrocarbons, defence, space, trade, finance, connectivity, innovations and healthcare. He also talked about coordina-

Russian ambassador Nikolay Kudashev

tion between the two countries at the UN Security Council as well as the convergence of views on the situation in Afghanistan. "Overall, the two sides once again reiterated absolutely shared approach to continue extending the Russian-Indian multidimensional strategic partnership bilaterally and multilaterally, for which sky is the limit," Kudashev said. The Russian envoy said that Jaishankar's visit was a timely follow-up of the Russian Foreign Minister Sergey Lavrov's visit to India on April 6.

He said the visits demonstrated how much attention both sides were paying to satisfy the common desire to maintain strong dynamics of bilateral highlevel contacts.

Talking about the "big events" planned for later this year, he said these include meetings of intergovtrade and economy as well as defence, Kudashev said. He also referred to the BRICS (Brazil, Russia, India, China, and South Africa) summit under the Indian presidency as well as the Shanghai Cooperation Organisation (SCO) summit in September.

"We are very successful in supporting the international efforts to fight against COVID-19. It's a matter of pride that Sputnik V vaccine being part of the Indian vaccination campaign is gradually increasing its partnerships here," Kudashev said. He said the launch of the 'Sputnik Light' vaccine in India is also expected soon. "We are committed to continuing the discussion on mutual recognition of vaccination certificates," he added.

"It's critically important to support Afghans in making their country independent, sovereign, united and democratic. After the Western troops started their speedy withdrawal, regional efforts are becoming even more important,' he said.

The envoy said these events represent very useful opportunities to discuss the situation. Afghanistan witnessed a series of terror attacks in the last few weeks as the US looked to complete the withdrawal of its forces from Afghanistan by August-end, ending a nearly two-decade of its military presence in the war-ravaged country. The volatile situation in Afghanistan has triggered global concerns.(PTI)

Kerala Guv observes day-long fast against dowry; Cong, BJP criticise govt

Governor Arif

Mohammed Khan

--/ Days after a series of dowry deaths rocked Kerala and kicked up a heated de-

bate on the menace, Governor Arif Mohammed Khan today observed a fastto create social awareness against the social evil andend atrocities against women. It may be for the first time in the history of the southern state that any Governor was fasting for such a social cause.

Scripting a new chapter, Khanbegan the fast at Raj Bhavan, his official residence here, by 8 am, urging people to say a big no to the decades-old evil practice. The Governor would con-

tinue the fast till 6 pm and would also take part in a prayer meeting to be organised at the Gandhi Bhavan here later in the evening before ending the fast, Raj Bhavan sources said. He is observing the fast in response to a call by various Gandhian organisations to spread awareness against the practice of giving and taking dowry as part of marriages. Last month. Khan had made an emotional appeal to women to say no to dowry when it was demanded during the time of marriages and expressed willingness to be part of any "organised" voluntary movement to create awareness against the menace.

He reacted after visiting the house of Vismaya, an Ayurveda medical student, who was recently found dead in husband's house under mysterious circumstances after she had complained of dowry harassment in Kollam district. Terming dowry as an "evil", he had said social awareness should be created about its unholy aspects and urged NGOs or volunteers, who selflessly work for public causes, to start a special movement against it.

In a video message issued on Monday evening, Khan said dowry is a "grave injustice and ignominy to the dignity of women" whose contributions to Kerala"s

THIRUVANANTHAPURAM, JULY 14 / growth are widely acknowledged. The opposition Congress and BJP extended sup-

port to the Governor for adopting the "Gandhian path" to raise awareness against the menace. Lapping up the opportunity to criticise the Left government over the issue, they alleged that the failure of the Pinarayi Vijayan government to ensure safety of women in the state had forced the Governor to observe a fast to open the eyes of authorities. "Greetings to the Governor who is observing a fast seeking to ensure the safety of women and girls of

Kerala," senior BJP leader and Union Minister, V Muraleedharan, said in a Facebook post. Hailing Khan for taking up such a cause, he said it may be a "rare episode" in the administrative history of the country. He also said it is for the state government to find out why the Governor, the head of the state, has to fast seek ing the safety of women. Kerala Pradesh Congress Committee President K Sudhakaran claimed that the failure of the state government to ensure safety and security of people was one of the reasons why the Governor was sitting on a fast. Terming the Governor"s fast a "rare incident", he said Khan has raised a "justified issue" and his agitation is "meaningful". "The circumstance in Kerala now is that even the Governor is staging a Gandhian way of protest. The state government can not backtrack from its responsibility," the Kannur MP added. The Gandhian organisations said the programme aims at ending atrocities against women and to address the need to make Kerala a safer place for them. Besides Vismaya, a number of other women also had been found dead under mysterious circumstances in the state in the recent days and their family had alleged dowry harassment as reason for

their premature death.(PTI)
